

Architectural floor plan of a large building, showing multiple rooms, corridors, and a central curved entrance. The plan is oriented with a sloped roofline at the top. The building is divided into several distinct areas:
 - Top Left: A large hall with rows of rectangular tables and chairs, possibly a cafeteria or meeting area.
 - Top Center: A long, narrow corridor or hallway.
 - Top Right: A large hall with rows of rectangular tables and chairs, similar to the top left.
 - Middle Left: A large hall with rows of rectangular tables and chairs.
 - Middle Center: A long, narrow corridor or hallway.
 - Middle Right: A large hall with rows of rectangular tables and chairs.
 - Bottom Left: A large hall with rows of rectangular tables and chairs.
 - Bottom Center: A large hall with rows of rectangular tables and chairs.
 - Bottom Right: A large hall with rows of rectangular tables and chairs.
 - Central Entrance: A prominent curved entrance structure located in the center of the bottom section.
 - Corridors and Stairs: Numerous corridors and stairwells are distributed throughout the plan, connecting the various halls and sections.
 - Furniture and Fixtures: The plan includes detailed drawings of tables, chairs, and other furniture, as well as symbols for doors, windows, and stairs.
 - Scale and Orientation: The plan is drawn to scale, with a grid system used for measurement. The orientation is indicated by the sloped roofline at the top.
