

The background is a detailed architectural site plan. It features a grid of streets and building footprints. The plan is overlaid with a dense pattern of green, irregular, leaf-like shapes, suggesting a landscape design or vegetation overlay. The text 'ALÍVIO URBANO' is centered over the plan.

Dans le contexte actuel de développement durable, comment est-il possible de rendre plus habitables les quartiers denses de la ville de Porto Alegre?

un principe d'intervention
pour la Porto Alegre du futur

plus sociale et plus bioclimatique

merci beaucoup
